

Basket trolley, low

46x46 cm baskets

Basket trolley for the transport and storage of crockery in 46x46 cm dishwashing baskets.

Features/Design

Robust and easily manoeuvrable basket trolley that rolls smoothly on all surfaces. Can be conveniently stored under counter tops. The trolley features four ball-bearing swivel casters with Ø125mm, including two with brakes. The frame is made of stainless steel, and the guides are in polypropylene with stops at one end.
